COLORS AVAILABLE: Black / Silver, Blue / Silver, Red / Silver and Pink / Black

SIZES AVAILABLE: Small, regular and Large/X-large

Features of Slingshot:

Power Bands

Pure silicone Power Bands are loaded with energy on the power stroke. They release their energy prior to the upstroke to provide an added boost of power

Instead of wasting your energy, you accumulate it and reclaim it!

Power bands lessen fatigue and add thrust

Gear Shift

3-speed Gear Shift customizes your speed to effort ratio to fit the specific conditions of your dive

Three different settings are available

Easy to shift during the dive, even with gloves

Mid-foot Flex Joint

The blade is attached to the foot pocket using two Mid-foot Flex Joint

This takes the strain off of the toes and the top of the ankle. The result is a dramatic improvement in comfort

You can now use the entire foot to power the fin rather than just the front half of the foot

Provides the blade a significantly larger range of motion, often up to 5 times that of a conventional fin
